

# YOUTH SCOOP

August 2016 Edition

## BACK TO SCHOOL!

Move over summer; a new school year is coming! Each school year involves new teachers, new classmates, but most importantly new experiences. We want to help you start off the year strong.

Here are some tips on how to make this year the best year ever!

### Reset your body clock

Odds are you've been sleeping in and staying up late all summer. Try setting your alarm for the time you're

supposed to get up for school a week before school starts, and going to bed at your bedtime. That way you'll be fresh as a daisy on the first day of school.

### Take Aim at Morning Madness

How are school mornings in your home? Crazy and chaotic, or calm and cheerful? Each evening, think ahead to the following morning; where can you lighten the load? Set the breakfast table as you clear the dinner dishes, lay out your clothes the night before and pack your backpack at night.

### Create Calendar Central

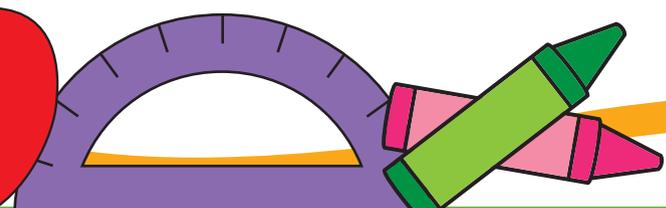

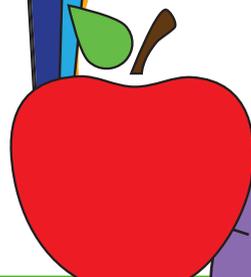

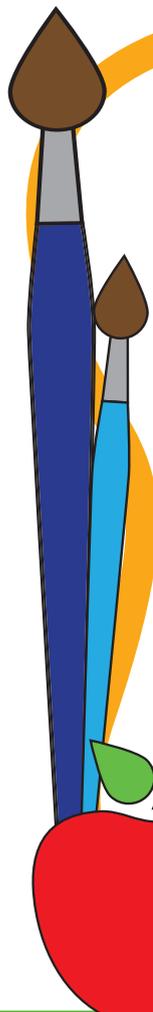

Each school year floats on a sea of schedules. School functions, lunch menus, and scout meetings and music lessons. Nothing calms school year chaos like calendar central: a centralized site for all family calendars and schedules. You'll need a family event calendar to track after-school activities, school programs, and volunteer work.
