Heart Of Texas Airshow
TSTC Waco
Sept. 17-18

Hold onto your hats Central Texas! The Heart Of Texas Airshow roars into Waco September 17-18 bringing smoke and thunder and headlining four military demo teams along with Shockwave, the world's fastest Jet Truck!

"The Heart Of Texas Airshow was selected by the US Marine Corps for one of only four MV-22 Osprey demonstrations in the nation and the only appearance in the south," stated Airshow President Debby Standefer. The US Air Force F-16 Viper Demo Team with a P-47 Heritage Flight will showcase today's premier fighter jet along with one of yesterday's. The US Navy TAC Demo Team brings their F-18 Super Hornet the premier fighter of the Navy and the US Coast Guard will demonstrate a Search and Rescue mission and celebrate their Aviation Centennial. "We are very proud to share this patriotic opportunity with the people of Central and North Texas as well as those throughout the State and to further our mission to honor our military services and inspire our youth to be involved in aviation." The air show has a stellar line up of performers and static aircraft in addition to the military. It's going to be a tremendous event! No other air show in the state will host four military demos.

The Heart Of Texas Airshow has grown quickly to one of the three top air shows in the State receiving commendations from state and military officials. The event promises to provide something for the entire family, all ages and interests in an action packed day of fun. Experience thrilling entertainment with your United States military teams, Shockwave, helicopters, warbirds, airplanes, skydivers, jet truck, pyro and more in the sky and on the ground. The Jet Truck will race an airplane! Which airplane? Who will win? You have to be there! Shockwave will assault all of your senses with huge flames from the three former Navy after burner jet engines, fire shooting from the smoke stacks, huge noise and tremendous speed with 36,000 horsepower and speed over 350mph! The Trojan Phlyers Demo Team returns with their closer formation T-28 aerobatics and the famous A-26 Spirit of Waco returns home! This is just a sample of our performing aircraft line up.

You can fly in helicopters and historic warbirds too! Don't stay on the ground, get in the Air! Wander through concessions of delicious foods, exhibits, vendors and activities for kids of all ages including an aviation themed kids area. There is so much to see and do! Bring the whole family and experience the wonderful world of aviation.

We are excited to return to Texas State Technical College and their airport, previously James Connally AFB, with a tremendous event this year. Waco is strongly focused on aviation with its own Aviation Business Alliance.
