"Pets of the Week"

DANSK
Dansk is a two-year-old male Shepherd mix. He has had a hard life, but now has a chance at a better life thanks to the SPCA. He was found emaciated, neglected and wounded. Brought to the shelter in February, he has since received great foster care and medical care to help him heal and get ready for his new family. He is a lover and enjoys being around people. He is so grateful for attention that he will be sure to give you many kisses to say thank you! Dansk is also heartworm positive, but thanks to the generosity of his heartworm sponsors, his treatment is fully sponsored. If you would like to help replenish funds used to treat heartworm positive animals like him, please call 214-742-SPCA, ext. 1832. He has been waiting at the SPCA of Texas in Dallas to find a new, loving home since February 2. #1944015

PEARL
Pearl is a two-year-old female Domestic Shorthair mix. She has sky-blue eyes and a mellow, gentle personality. Just like her name, she is a precious jewel and she needs to join a family that will treat her like the treasure she is. Her previous owner became ill and could no longer care for her. Pearl was surrendered to the SPCA of Texas in Dallas on March 25. Please come meet her today. #2076071
