\*Payday advances should be used for short-term financial needs only, not as a long-term financial solution. Customers with credit difficulties should seek credit counseling. Advances are made by NCP Finance Limited Partnership or Midwest R&S Corporation (each individually, the "Lender"). Example of terms: The APR for a \$354 Advance (which includes a \$54 fee paid to Cash America Financial Services, Inc. that is included in the loan amount) for 14 days is 481.02%, with one payment of \$355.35 due at maturity. Advances are intended to serve as a short term credit solution. Borrowing costs increase significantly when the full amount due is not paid on the maturity date. Credit approval is subject to the Lender's credit standards. Actual terms (including maximum advance amount) may vary by applicant. Additional fees may apply if the advance is not repaid as agreed. Each Lender requires certain supporting documentation with each new application. Complete disclosures of APR, fees, and payment terms are provided with each advance and are available from each Lender. Applicant must retain Cash America Financial Services, Inc. as a credit services organization.
