

Famous QUOTES

They say that age is all in your mind. The trick is keeping it from creeping down into your body.

— **Author Unknown**

Change is inevitable—except from a vending machine.

— **Robert C. Gallagher**

Middle age is when your age starts to show around your middle.

— **Bob Hope**

The secret of staying young is to live honestly, eat slowly, and lie about your age.

— **Lucille Ball**

Birthdays are good for you. Statistics show that the people who have the most live the longest.

— **Larry Lorenzoni**

We don't receive wisdom; we must discover it for ourselves after a journey that no one can take for us or spare us.

— **Marcel Proust**

Perhaps the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not.

— **Thomas H. Huxley**

Humor is the great thing, the saving thing. The minute it crops up, all our irritation and resentments slip away, and a sunny spirit takes their place.

— **Mark Twain**

Education is like a double-edged sword. It may be turned to dangerous uses if it is not properly handled.

— **Wu Ting-Fang**

Learning without thought is labor lost; thought without learning is perilous.

— **Confucius**

Wisdom doesn't automatically come with old age. Nothing does—except wrinkles. It's true, some wines improve with age. But only if the grapes were good in the first place.

— **Abigail Van Buren**

The whole problem with the world is that fools and fanatics are always so certain of themselves, but wiser people so full of doubts.

— **Bertrand Russell**

Wisdom is what's left after we've run out of personal opinions.

— **Cullen Hightower**

The older I grow the more I distrust the familiar doctrine that age brings wisdom.

— **H.L. Mencken**

Science is organized knowledge. Wisdom is organized life.

— **Immanuel Kant**

Whenever you are asked if you can do a job, tell 'em, "Certainly I can!" Then get busy and find out how to do it.

— **Theodore Roosevelt**

If we value the pursuit of knowledge, we must be free to follow wherever that search may lead us. The free mind is not a barking dog, to be tethered on a 10-foot chain.

— **Adlai E. Stevenson Jr.**
