### What do you look forward to this summer?

What I like about summer is that I can go swimming, go to the park and ride my bicycle, see TV, go to sleep, visit my friends and eat ice cream. We don't go to school and we don't have homework. We play outside, read, see our favorite shows on Saturday night, and go to JC Penney's. My friend and I shoot baskets, play soccer and on the play ground. My best friend and I play on the computer and with our yo-gi-oh cards. I go to work with my dad to earn money. I race my two sisters and my brother to see who is the fastest.

**Frankie M., 9**

I am planning my summer to be just perfect! We are going to go to the ice cream shop and get two vanilla ice creams. We go to the park and ride our bikes and swing on the swings. We go down the curly red slide and come home to a nice big pool. We make a huge cannon ball dive under the water and scare my brother. Then we play in the sprinkle water sprayers and then turn on the lawn sprinklers. We swing in the tire swing and then play at my friend's house and jump on her trampoline and play ninjas. We draw in my room and have dinner.

**Jade S., 8**

When it is summer I will play with my neighbors at the park. When I am at the park I am going to play in the little river. I like the little shiny river. When you are in it, it smells like shampoo and fresh air. I will also buy some ice cream with my two best friends, Melisa and Amalia. The three of us will also go singing. Me, my mom and brother will all go ice skating. It will be fresh and ice cold.

**Yosmeri M., 9**

This summer my dad promised me that he will take me to Corpus Christi. I want to swim around and make sand castles and find four sea shells for all twenty two kids in my class room. We will go to a huge hotel with fancy beds, a swimming pool and a patio set outside. It will have a beautiful garden at the front of the hotel. Their grass was so green that I wanted to lie on the grass all day. And on a hot day they will give out ice cream to people that are staying there. That hotel was very fancy and you don't have to charge! It is all free! It is perfect for the vacation and the pool was very sparkly with a light blue color.

**Paula F., 9**

What I will do in the summer is go to a water park and play in the water. I will dive off the

diving board and the slide will have water floating in it. I will go swimming. Next I will go home and play my Nintendo game cube. I will play all of my games except for the few my brother really likes to play. I have a lot of action games. Then I can read my books, watch TV, color my coloring books, draw pictures, take a lot of naps in my comfortable bed, and eat ice cream. Then I will go to Cancun, Mexico and stay in a hotel that is worth a lot of money. I will go swimming and in my swim kit I have goggles and a kick board.

**Rita M., 8**

This summer I am going to the zoo to see some animals. I am going with Samantha because she is my best friend. The zoo is going to be super clean. I am going to see some snakes, zebras, giraffes, hippopotamus and a lot more animals. Then we are going to the park to take a break from going to the zoo. We are going to play hula challenge. It is my favorite game and the other game we are going to play is basketball. Next we are going to the last place; Hurricane Harbor. It is a swimming place for kids to swim along. I like the water slides.

**Joselyn B., 8**

I am going to my grandma and grandpa's house. I will go swimming with my family. I like to play video games a lot. We have some friends over and they will play with me. We are going to go to the park with my family and we are going to take our bikes. We will race around the park. We are going to Six Flags with my family too!
