**Quick Tips for Buying
a Used Cell Phone*
Before You Buy:**

- Make sure phone is compatible with your cellular network. Research online or call service provider to confirm.
- Don't buy lost or stolen! Ask to see original receipt, or look up serial number (usually under battery, sometimes called IMEI, MEID or ESN). Then call provider to verify. Never buy if seller will not let you research.
- Test the phone. Ask seller to fully charge the phone so you can "test drive" features.

*See Consumer Notice on Page 4.
