ARTHRITIS STUDY

Currently, a clinical research study is under way to evaluate different dose levels of an investigational drug. Rheumatoid arthritis causes chronic inflammation of the joints. If you have RA, you may be eligible to participate in this important clinical research study.

You may qualify to participate if you:

- Are between 18 to 75 years old
- Have a confirmed diagnosis of rheumatoid arthritis

You will receive study-related health examinations at no cost. Qualified participants will receive study related medication and care at no cost. Other eligibility criteria will apply and insurance is not required. Compensation for time and travel up to \$2,075.00 may be provided.

To find out more about this clinical research study please contact MCRC at:

214-424-0405 or on the web at www.mcrcdallas.com

Do you or a loved one have schizophrenia or schizoaffective disorder?

If so, please contact us to learn about a medical research study of an investigational medication.

Qualified participants must:

- Be 18 to 45 years of age
- Have schizophrenia or schizoaffective disorder
- Be available for a 20-day inpatient stay

Qualified participants will receive:

- Study-related evaluations and study medication at no cost
- Compensation for their time
