### Quick Tips for Buying a Used Cell Phone\*

- Before You Buy:**
- **Make sure phone is compatible with your cellular network.** Research online or call service provider to confirm.
  - **Don't buy lost or stolen!** Ask to see original receipt, or look up serial number (usually under battery, sometimes called IMEI, MEID or ESN). Then call provider to verify. *Never* buy if seller will not let you research.
  - **Test the phone.** Ask seller to fully charge the phone so you can "test drive" features.
- \*See Consumer Notice on Page 4.
