**"Renter's Checklist"**  
Helpful tips to consider after you have located that perfect home to rent:

- Verify the owner of the property with the county appraisal district's office where the property is located; by way of their website, calling for assistance, or going in person.
- Make an appointment to see the property and have a relative or friend accompany you to assist in observing any transaction.
- Request to see the owner or representative's driver's license for identification purposes.
- Before any money changes hands, have all agreements documented in the official rental contract specifying what you have agreed to; not just notes on a napkin or a scrap of paper.
- Make certain you read and completely understand all documents before signing them.
- Request copies of all documents with your signature.

The Bottom Line: If concerns or doubts remain after reading any document, etc., do not continue until all is clarified and documented to your complete satisfaction.
